

RECENT QUOTES

I attended your seminar at Rother District Council yesterday and must congratulate you on your presentation. I found it both informative and delivered in a way that captured everybody's attention for the whole duration of the seminar.

BT, Wealden District Council

Thanks for your time in giving a very comprehensive seminar. The information provided was much appreciated by our staff.

PC, London Borough of Enfield

Many thanks for your presentation which all agreed was extremely useful and informative.

NC, Malcolm Payne Group Limited

Thanks again for taking the time to come and speak to my staff yesterday, without exception the feedback has been extremely positive and has certainly got people enthused about the CSH and how we can address future challenges in the Derbyshire Dales.

PW, Derbyshire Dales District Council

Thanks for your very informative, thought provoking and enjoyable presentation last week.

AR, Sandwell Borough Council

Many thanks for leading the seminar today. Gave us plenty to think about. I had lots of positive and complimentary comments when I came back into the office - your audience thought you had delivered at just the right pace and content.

RW, Nottingham City Council

Please can you pass on my thanks to Alex for an excellent presentation.

TB, Bovis Lend Lease

Thank you very much for a very useful presentation last week.

CH, Sandwell Borough Council

The presentation was very good and we all found it very informative.

RS, Mansfield District Council

Thank you so much for the wonderful presentation yesterday, everybody appeared to have enjoyed your attendance.

KM, Northampton City Council

Thank you for my certificate and the excellent seminar.

JP, Gedling Borough Council

Thank you for the excellent seminar you carried out at the Forest of Dean District Councils offices last week.

TG, Forest of Dean District Council

All of us at Vale Villages in Transition would like to say a very big THANK YOU for your excellent talk. We loved your style; the way you gathered people together at the start and sat on the table rather than standing up made the evening feel more of a shared debate than a 'teaching' evening ...which we feel worked really well. We were delighted that people asked so many questions as it demonstrated that they were listening, interested, and taking the information on board.

Vale Village in Transition Team

Thank you for your excellent seminar.

PS, Chesterfield Borough Council

Thank you – it was an excellent seminar.

Forest of Dean District Council

Thank you very much. You did a good job with that training -it's got us all thinking!

RB, Chesterfield Borough Council

I found it to be a very informative presentation and look forward to seeing you next year as discussed.

PB, Oldham Council

Just a quick email to say thank you for coming to see us last week. I really think people came away with a better understanding of the CSH and how it may influence us in the near future!

JM, Oldham Council

Thanks very much for that. It was indeed a useful CPD – well presented and informative.

WH, Bowman Riley Architects

Thank you very much for the seminar at Worcester; I have had feedback that the attendees had a greatly productive evening.

CA, Redditch Borough Council

I'd be grateful if you would pass on my thanks to Alex for his excellent presentation to the architect's group at Chaddesley Corbett. Thank you again.

AP, Architect

My guys would like to express their thanks for your discussion at the Building Control Managers meeting. They have expressed a universal vote/agreement to ask you if you would like to come for a further discussion/presentation on the changes to Part L and G.

TB, Regeneration Directorate

Thank you for the certificate and please pass on my thanks to Alex for an excellent and informative presentation.

CN, EG Carter

Just to say thank you for the effort you put into Tuesdays presentation. It has prompted a lot of discussion and has raised the Development Control teams awareness of how things are likely to change.....it had far more impact coming from a third party rather than Building Control.

IH, Cheltenham and Tewkesbury Building Control Service

Thank you for a very interesting and informative seminar. Everyone agreed it was extremely helpful.

KB, East Northamptonshire Council

May I take this opportunity to thank you for giving an excellent presentation of the forthcoming changes to Part L of the Building Regulations. It was very much appreciated. The feedback that I have received from the delegates that attended has been very positive.

BT, Wealdon District Council

Thanks for a great presentation yesterday, it was very informative.

ID, MHI

Just a quick note to thank you for today's seminar. It was the best & most useful I have found of this type & I look forward to next month's.

NB, Studio-G Architecture LLP

Thanks for the new part L seminar yesterday which was highly useful and informative.

GB, Derby City Council

After the excellent seminar hosted by yourselves that we attended a few weeks ago we noted that your next event was to be on the 6th October. Can you advise if this is still going ahead and if so whether one of us from MHI Fellows Hallatt could attend?

RM, MHI Architects

Just wanted to say thank you again for coming to our offices yesterday to do the presentation, it was very well received and the comments I had were very appreciative and positive.

SP, Borough Council of Wellingborough

Would you please convey my sincere thanks to Alex for the seminar this morning. From my point of view it was 2 hours well spent, which is often not the case with seminars. I had a bit of a grasp of the new Regs but it was great to have them succinctly described and from a well understood and rounded perspective. Much appreciated.

BA, Brian M Allebon Ltd

Thank you very much for your presentation last week. My colleagues found this very helpful, comprehensive and with practical solutions to the problems encountered.

MH, CGMS Consulting

I was very impressed by your presentation. Very many thanks for including us. We will no doubt be in touch in due course.

CM, Pelforth Developments

Would you please thank Alex for his excellent presentation and thank yourself for sending me the CPD certificate.

BE, The Evans Partnership

Thanks for you time and expertise last week, I think the presentation was very beneficial to all the staff present.

AR, Peveril Homes Ltd

Thank you very much for the very interesting seminar and for fitting us in at such short notice. We all thought it was very informative and well presented.

AH, Bury Council

Thank you very much for sending me Alex's presentation notes. I found the seminar very interesting and very useful

JK, Derby Homes Limited

Many thanks to you for the presentation itself and the certificate. As per the previous visit to Oldham, it was a very informative and worthwhile event – and the bloke at the front had a bit of a clue as to what it was all about!

PB, Oldham Council

Your talk last week went down very well with our team. I can see exactly why these events work well for architects. It's good to see how much of it has come back in discussion.

RS, Surface Architects

I would just like to say thank you for both the certificate and all the information provided (in here and on the day) very interesting and very informative!

AS, Solihull BC

Thanks. I found the seminar really helpful and very interesting.

JB, Architect

Many thanks for this. It was an interesting and useful event.

SH, Planning Officer

Thanks very much for your very useful and well presented talk earlier.

JR, Architect

We enjoyed your talk today and found it really useful.

JM, Architect

Many of our agents attending yesterday have spoken very highly of your presentation. Many thanks to you from all of us here.

JC, Planning Officer

Thanking you once again for a most informative presentation.

AS, Architect

Thanks for you time and expertise last week, I think the presentation was very beneficial to all the staff present.

AR, Developer

Thank you very much for your presentation last week. My colleagues found this very helpful, comprehensive and with practical solutions to the problems encountered. The interpretation of conditions is plainly something of particular importance where your expertise is likely to be very valuable.

MH, Architect

..... were pleased to meet you on Tuesday and hear your presentation which was informative and professionally presented - **RC, Architect**

Please pass on my thanks to Alex for his attendance at our meeting on Tuesday. Though my husband was not able to attend this meeting – and I therefore do not have any direct feedback – I understand that Alex's seminar was well received and many of those in attendance found his talk informative and useful in their future work - **CK, Architect**

Thought Wednesday seminar was very good. Could you please include me in future seminars as I think that these seminars may also be useful for my staff – **MB, Architect**

Thank you Becky for CPD cert. and PP. I was impressed – **MW, Architect**

Thank you for the excellent and well presented seminar yesterday. I have been to many seminars in relation to Co2 and CODE and I found your method of presentation was much superior and to the points. I hope the government train all the planners so that the 2016 target can be achieved without any conflict with the approved document criterias. It seems to me that Building regulation will be the primary criteria in the future overpowering the planning policies if we are to achieve the future environmental criterias. I appreciate if you could e-mail me a PDF of your lecture note with CPD certificate. I am certainly will make use of your service in the future project. – **AM, Architect**

Many thanks for the cpd certificate. Please pass on our thanks once again to Chris, it was the best cpd event we've had this year. – **SW, Building Control Officer**

Please pass on our thanks to Alex for a very informative and interesting seminar, we all thought it was excellent and very well targeted (for both the Building Control and Planning teams attending). – **JA, Building Control Manager**
